Good morning Chris –

Rough day at PLUM – so tired of this Target saga... don't know how you do it!

Any chance we could get the TAO conditions back today? ZA Fernando Tovar is anxious to write the letter but needs conditions. Let me know what I can do to help.

Thanks!

Laurie

Hi Laurie,

The only condition the CM felt comfortable recommending at this time was a later start date for the security officer. He was still considering the bottle service issue but it might take a day or two to resolve that one. Do you want me to recommend that single change or hold off to see about the bottle service?

Although I believe that ultimately falls within ABC's purview.

Hi Laurie,

Sorry I missed you last night. I had to run about ten minutes after I sent that.

With the caveat that the City generally does not directly regulate the sale of alcohol, we have decided to stay neutral on bottle service and support the idea of a happy hour. I believe happy hour regulation is under the purview of the ABC so I doubt Planning would include this anyway. We will also support reducing the security officer hours to 8-9 PM and a revised concept of the designated driver program like we discussed.

Thanks Chris – security hours will be 9 PM -2:30 AM == right?

One last question: Are we changing LAPD notification to 14 days instead of 30 days?

Hugs,

L

Hey Chris – can you wait to chime in until we speak in the morning? I'm rushing out to a NC meeting but can call you in the AM. I just want to make sure I understand CD 13's position so I may communicate it accurately to TAO, Grant and Bam Bam.

Thanks much!

Best,

Laurie
